

BC's tax dollars and shipbuilding industry are sailing overseas to foreign shipyards

Send the BC Liberal government a message – **Build BC Ferries in BC Shipyards!**

BC Ferry Services and the B.C. Liberal provincial government are about to give a **foreign shipyard a contract worth more than \$500 million** to build three new Super C Class ferries overseas.

This half-billion project will mean **over 2000 jobs will be created in a foreign country**, instead of staying right here in British Columbia. It puts the BC shipyard industry at risk.

But the government and BC Ferry Services have even excluded BC and Canadian shipyards from the final bidding process.

And the \$500 million to be spent overseas is all coming from BC taxpayers.

Never before has a provincial government used taxpayer dollars to stimulate jobs and investment in shipyards in countries like Finland, Germany, China and Korea.

The only way to convince the provincial government to stop this disastrous policy of giving away jobs and investment is through public pressure.

Please visit www.bcshipyardworkers.com – a website that allows you to let your local MLA and Premier Gordon Campbell know you strongly oppose giving away BC jobs and investment to foreign countries by sending them an email message.

Or fill in the coupon below and it will be sent on to your MLA and the premier.

Please act now – before it's too late!

Send a message to Gordon Campbell and your MLA – **BUILD BC FERRIES IN BC SHIPYARDS!**

I/we, the undersigned, demand the BC Liberal government insist that BC Ferry Services build BC ferries in BC shipyards, not in foreign countries!
